Dear Reg MacDonald,

Re: Employment Opportunities for MDS Graduates

Thank you very much for offering the opportunity to partner with MDS to hire suitable graduates for positions at Calmena. Your graduates' enthusiasm and training will be complimented by the tools, mentoring and team support from us that will enhance their career advancement in the oilfield services industry.

Calmena Energy Services is a growth-oriented international oilfield services company. The company provides customers with a wide range of services, including Well Construction Engineering and Planning, Contract Drilling, Directional Drilling, Wireline Technologies, MicroSeismic, Frac Fluids Management and Equipment Rentals. In addition to its growing Canadian operations, Calmena is expanding in the United States, South America, the Middle East and North Africa. Calmena's global strategy is to lead with local teams who execute and deliver while leveraging our global experience. Calmena employs proven field development techniques and expertise to deliver fit for market solutions customized for the local operating environment and executed by local teams.

Interested candidates should visit www.calmena.com or send a resume to resumes@calmena.com. Any questions, please do not hesitate to contact me at 403-366-2069.

Thanks and kind regards,

CALMENA ENERGY SERVICES
